# 3. Treatment algorithm in the medical organization to a foreign citizen.

## **When accessing the site on GBUZ GP №3:**

Go to the website GBUZ QC GP №3. Check out the information provided.

Call the telephone number or leave a request on the specified e-mail.

Will receive a confirmation for the treatment and follow the advice of the medical organization for registration of the relevant documentation.

## **When you contact the registry:**

Health care **in the form of emergency** with sudden acute disease, condition, exacerbation of chronic diseases that pose a threat to the patient's life, it turns out to foreign nationals **is free**.

Foreign citizens who have **policy of compulsory medical insurance** one of the Russian insurance companies, according to the Federal law "On compulsory medical insurance in the Russian Federation", have **the right to free medical care** in emergency and planned form within the compulsory health insurance scheme.

In other cases, a foreign citizen can receive medical assistance in GBUZ QC GPN№3 for a fee:

a. as a private / individual - based on the contract for the provision of paid medical services concluded between a foreign national and GBUZQC GPN№3; In this case, the patient pays for medical services themselves.

b. as an insurance company in the presence of the medical insurance policy client concluded with insurance company - a partner GBUZQC GPN№3. The actual provision of health services is carried out only if there is a letter of guarantee from an insurance company.

in. as an employee of the legal entity of the company, or if a legal person is ready to pay for the treatment of this citizen - under a contract concluded between a legal person, an employer or other entity, ready to conclude an agreement with GBUZQC GPN№3 and pay for the treatment. The actual provision of paid medical services are provided under the contract (with the list of services in the contract), or if there is a letter of guarantee from a legal entity.

Paid medical services for foreign citizens are on the price list, developed in accordance with normative legal acts.

After completion of treatment of the foreign citizen in his address or the address of the legal or natural person representing the interests of a foreign citizen, in consultation with the specified citizen sent an excerpt from medical records indicating the care period in a medical institution, as well as of the measures of prevention, diagnosis, treatment and medical rehabilitation.

GBUZ QC GP №3 medical assistance can be provided **in conditions** outpatient services, as well as a day hospital (when there is a need for medical supervision and treatment in the daytime, but not free).
